Families Experiencing Homelessness Annual Notice

Do you know a preschool or school-aged child or family that may be in need of assistance? Many families in Wisconsin have found themselves to be families in transition without a place to call home. Our school district is committed to assisting all students experiencing homelessness to receive the best education possible. The McKinney-Vento Act defines homeless children and youth (twenty-one years of age and younger) as:

- Children and youth who lack a fixed, regular, and adequate nighttime residence, and includes children and youth who are:
- Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason (sometimes referred to as doubled-up);
- Living in motels, hotels,

- or camping grounds due to lack of alternative, adequate accommodations;
- Living in emergency or transitional shelters;
- Abandoned in hospitals
- Children and youth who have a primary nighttime residence that is a public or private place not designated for, or ordinarily used as, a regular sleeping accommodation for human beings.
- Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.
- Migratory children who qualify as homeless because they are living in circumstances described above.

If you are personally aware of or are acquainted with any children who may qualify according to the above criteria, the School District of Black River Falls provides the following assurances to families of children and unaccompanied youth experiencing homelessness:

- The child or youth shall be immediately enrolled and allowed to fully participate in school, even if unable to produce records normally required for enrollment (e.g., academic records, immunization and other required health records, proof of residency, or other documentation) or has missed application or enrollment deadlines during any period of homelessness.
- Homeless children and youths are not stigmatized or segregated on the basis of their status as homeless and have full and equal educational and related opportunities.
- Meaningful opportunities to participate in the education of their children including special notices of events, parent-teacher conferences, newsletters, and access to student records.
- Immediate enrollment and transportation to the school of origin. "School of origin" means the school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool.
- Written explanation of any decisions related to school selection or enrollment made by the school, the local educational agency, or the State educational agency involved, including the rights of the parent, guardian, or unaccompanied youth to appeal and receive prompt resolution of such decisions.

Please contact **Vicki Michalski**, Homeless Services Liaison for the Black River Falls School District, for additional information about the educational rights of students experiencing homelessness. Mrs. Michalski can be reached at **715-670-1427** or **victoria.michalski@brf.org**.

All information will be kept confidential.

Notice of Spring Election and Sample Ballots

April 5, 2022

Office of the Jackson County Clerk

To the voters of Jackson County:

Notice is hereby given of a spring election to be held in Jackson County on April 5, 2022, at which the officers named below shall be nominated. The names of the candidates for each office, whose nominations have been certified to or filed in this office, are given under the title of the office, each in its proper column, together with the questions submitted to a vote, for a referendum, if any, in the sample ballot below.

Information to Voters

Upon entering the polling place and before being permitted to vote, a voter shall:

- state their name and address
- show an acceptable form of photo identification*
- sign the poll book**

*If a voter does not have acceptable photo identification, the voter may obtain a free photo ID for voting from the Division of Motor Vehicles.

**If the voter is unable to sign the poll book due to disability, a poll worker may write the word “exempt.”

If a voter is not registered to vote, they may register to vote at the polling place serving their residence if the voter provides proof of residence.

Where ballots are distributed to voters, the initials of two inspectors must appear on the ballot.

Upon being permitted to vote, the voter shall enter a voting booth or go to a machine and cast their ballot. The vote should not be cast in any manner other than specified here. Sample ballots or other materials to assist the voter in marking their ballot may be taken into the booth and copied. The sample ballot shall not be shown to anyone so as to reveal how the ballot is marked.

A voter who is a parent or guardian may be accompanied by the voter’s minor child or minor ward.

An election official may inform the voter of the proper manner for casting a vote but the official may not advise or indicate a particular voting choice.

Assistance for Voting

A voter may select an individual to assist in casting their vote if the voter declares to the presiding official that they are unable to read, have difficulty reading, writing, or understanding English, or that due to disability are unable to cast their ballot. The selected individual rendering assistance may not be the voter’s employer or an agent of that employer or an officer or agent of a labor organization which represents the voter.

Optical Scan Voting

The voter shall fill in the oval or connect the arrow next to the name of the candidate of their choice for each office for which they intend to vote. To vote for a person whose name does not appear on the ballot, the voter shall write in the name of the person of their choice in the space provided for a write-in vote and fill in the oval or connect the arrow next to the write-in line. On referendum questions, the voter shall fill in the oval or connect the arrow next to “yes” if in favor of the question, or the voter shall fill in the oval or connect the arrow next to “no” if opposed to the question.

When using an *electronic ballot marking device* (“Automark,” “ExpressVote,” *Clear Access* or “ImageCast Evolution-ICE”) to mark an **optical scan ballot**, the voter shall touch the screen or use the tactile pad to select the name of the candidate of his or her choice for each office for which he or she intends to vote. To vote for a person whose name does not appear on the ballot, the voter shall type in the name of the person of his or her choice in the space provided for a write-in vote. On referendum questions, the voter shall touch the screen or use the tactile pad to select “yes” if in favor of the question, or the voter shall touch the screen or use the tactile pad to select “no” if opposed to the question.

After Voting the Ballot

After an official **optical scan ballot** is marked, it shall be inserted in the security sleeve, so the marks do not show. The voter may insert the ballot in the voting device and discard the sleeve or deliver the ballot to an inspector for deposit. If a central count system is used, the voter shall insert the ballot in the ballot box and discard the sleeve or deliver the ballot to an inspector for deposit. The voter shall leave the polling place promptly.

Spooling Ballots

If a voter spoils a paper or optical scan ballot, they shall return it to an election official who shall issue another ballot in its place, but not more than three ballots shall be issued to any one voter. If the ballot has not been initiated by two inspectors or is defective in any other way, the voter shall return it to the election official who shall issue a proper ballot in its place.
